

# U Company Profile

# About Us

U&V Inter-Trade Co., Ltd is the brainchild of founder Uzi Vered, who hailed from the world of agriculture in Israel and had a desire to explore the opportunities of exporting Israeli food products into Thailand.

In the year 1995, he joined hands with his good friend and entrepreneur Deepak Butani (Direk Boonchanasukit) and together, they established U&V Inter-Trade, laying the foundation for the many years to come.

In two decades, U&V, under the brand Nature's Delight, has spearheaded the dried fruits market, consistently educating and reinventing the space with different varieties from all over the world. The company has also expanded its reach into other gourmet products including quality Foie Gras from Hungary, nuts, seeds, grains, and most recently Caviar from Poland.

In 2018, after building a state-of-the-art production and warehouse facility, U&V successfully acquired the GMP CODEX certification (now updated to GHPs - Good Hygiene Practices). GHP accreditation maintains internationally-recognized food safety and hygiene practices throughout the supply chain and production, ensuring the delivery of the highest, safest and most suitable standards of product.

# Our Supply Chain

## Sourcing

All our products are sourced from quality reliable suppliers from all around the world. Some of whom we share a business relationship with for over 20 years.

## Shipping

We ensure that all our products, especially dried fruits, are shipped in temperature controlled reefer containers to maintain optimum environments and minimize risks.

## Storage

Once goods are delivered to our Warehouse and Distribution facility, The Orange Wing, where they are placed in temperature-controlled storage units, ideal for each type of product.

## Quality Control

Strict Quality Control steps are in play in every stage of production from raw materials to finished goods, all in accordance with the latest GHPs regulations.

## Pick & Pack

Once the products have successfully passed our Quality Control procedures, they are then picked and packed into their respective packaging ready for our various client segments.

## Delivery

Received orders are loaded onto our own temperature-controlled vehicles and delivered to all parts of Bangkok and selected provinces on a daily basis.

Our state-of-the-art production and storage facility spans over 1600 square meters and is 100% solar-powered
